Find the average of the pair of numbers.

- 1) 234 & 866                     $1,100 \div 2 = 550$
- 2) 72 & 79                       $151 \div 2 = 75.5$
- 3) 29 & 32                       $61 \div 2 = 30.5$
- 4) 57 & 62                       $119 \div 2 = 59.5$
- 5) 219 & 768                   $987 \div 2 = 493.5$
- 6) 503 & 908                   $1,411 \div 2 = 705.5$
- 7) 693 & 530                   $1,223 \div 2 = 611.5$
- 8) 79 & 27                       $106 \div 2 = 53$
- 9) 26 & 92                       $118 \div 2 = 59$
- 10) 390 & 817                  $1,207 \div 2 = 603.5$
- 11) 296 & 695                  $991 \div 2 = 495.5$
- 12) 46 & 15                     $61 \div 2 = 30.5$
- 13) 66 & 70                     $136 \div 2 = 68$
- 14) 62 & 24                     $86 \div 2 = 43$
- 15) 20 & 68                     $88 \div 2 = 44$
- 16) 427 & 637                  $1,064 \div 2 = 532$
- 17) 48 & 75                     $123 \div 2 = 61.5$
- 18) 384 & 527                  $911 \div 2 = 455.5$
- 19) 269 & 815                  $1,084 \div 2 = 542$
- 20) 73 & 18                     $91 \div 2 = 45.5$
